ANNUAL TOWN MEETING, MARCH 16th, 1966

Commonwealth of Massachusetts

The meeting was called to order by Moderator Curran at 8 P.M. and 161 persons being present, a sufficient number for a quorum the Town Clerk proceeded to read the warrant and the officers' return thereon.

The meetings were broadcast by Station WMRC.

The following resolutions were presented to the body:

RESOLUTION

WHEREAS, the citizens of Milford have learned with deep regret and sorrow of the death of Attilio Guerriere,

WHEREAS, Attilio "Nap" Guerriere, served long faithfully as a loyal and dedicated servant to the inhabitants of the Town of Milford, and

THEREFORE BE IT RESOLVED, that as a symbol of our respect, the business of this meeting be suspended and the members stand in silent tribute to his memory, and

BE IT FURTHER RESOLVED, that his family be presented a copy of this resolution, and that a copy be inserted in the records of the next Annual Town Report.

LOUIS P. BERTONAZZI,
Selectman

EASEMENT

Mario W. Dalesio and Ann Marie Dalesio,

Husband and Wife, Grantors

The Inhabitants of the Town of Milford, Grantees

This indenture made this 14th day of March, 1963 by and between Mario W. Dalesio and Ann Marie Dalesio, both of Milford, Worcester County, Massachusetts, Grantors, and The Inhabitants of the Town of Milford, Massachusetts, Grantees, witnesseth:

That, for and in consideration of the sum of one dollar (\$1.00) and other valuable considerations in hand, paid to the grantors by the grantees, the receipt of which is hereby acknowledged, said grantors hereby grant, sell and convey to the grantees forever, an easement, more particularly described herein, with the right and authority to the said grantees to operate and maintain a water drainage easement, upon the surface of the easement granted herein, or by use of a pipe line in and along the following described lands situated in Milford, more particularly bounded and described as follows:

Beginning at the southeasterly corner of the granted premises at an iron pin, at a point in the easterly line of DeLuca Road, and at the southeasterly corner of the land of said Dalesio;

Thence N 38° 16' W, along the southerly boundary of said Dalesio land 10.44 feet to a point;

Thence N 18° 37' E, and paralleling the easterly line of the land of said Dalesio, to a point on Tomaso Road;

Thence following the curve 42.69 feet to an iron pin;

Thence S 18° 37' W and bounded easterly by the land of one Salvatore Tarelli, 96 feet to the iron pin, being the point of beginning.

Being a part of the premises conveyed to me by Anthony F. DeLuca by deed dated June 8, 1962 and recorded with Worcester District Deeds, Book 4286, Page 336; and being part of Lot No. 16 on a plan entitled: "Sub-division of land in Milford, Mass., owned by Joseph F. DeLuca, Scale 1" equals 40 feet, October, 1958, P. MacNevin"; said plan recorded with Worcester District Deeds, Plan Book 239, Page 27.

Together with the right to the said grantees to go upon the land of the grantors in a prudent and careful manner to construct, repair and replace such pipes and other appurtenances necessary to the use of such easement, and continue in the same manner such other things as necessarily appertains to the occupancy of the said rights and privileges; provided however, that the grantees shall restore the premises to the condition in which they may have been found in at the time of such maintenance, repair, replacement or construction.

Report of the Park Commissioners

Honorable Board of Selectmen

Milford, Mass.

Gentlemen:

We hereby submit our annual report for 1966.

New chain link fencing and gates were installed at a tennis court at Town Park. Tennis Courts were used more extensively this year due to the extended hours of lighting of tennis courts. Tennis Tournaments for all age groups were conducted and various school tennis clubs utilized the tennis courts as late as September due to lighting facilities made available.

Playgrounds were opened on June 27th and closed Sept. 2nd, 1966. The Park Commissioners purchased new playground equipment and distributed same throughout the playgrounds in the Town of Milford. The Arts & Crafts activities were also extended and projects such as ceramics, needle work, etc., were made available to children of all ages under the supervision of an Arts & Crafts Instructor appointed by the Park Commissioners and Playground Supervisor Robert Pagnini and Asst. Supervisor Joseph Arcudi. Children under the auspices of playground activity attended a Rex Sox Ball Game in August. An annual Field Day was held and trophies were awarded to winners of various contests.

We want to thank all Town Departments for their help and cooperation throughout the year.

Respectfully Submitted,

ALBERT C. SAYLES, Chairman

NAZZARENO BACI

Report of the Milford Planning Board

To the Honorable Board of Selectmen
and Citizens of the Town of Milford:

The Planning Board held regular bi-monthly meetings during the year at its office at 126 Main Street, with the exception of the month of July when only one meeting was held.

Many plans not requiring approval were submitted to and signed by your Board and twelve subdivisions, with a total of four hundred and fourteen lots, were approved. During the year 1964-1965, information regarding areas set aside within subdivisions, for recreational purposes, were sent to the Board of Selectmen and the Park Commission. These areas are set aside for a period of three years from the time of approval; after which time, if not purchased by the Town will be reverted back to the Developer for building purposes. We strongly feel that the Board or Boards responsible for the acquisition of this land take a long hard look into the future and start proceedings immediately.

The Planning Board negotiated with Mikael Bedrosian and Victor Casasanta, owners of the Ivy Lane Subdivision off Purchase Street, to waive certain restrictions in Ivy Lane III including elimination of sidewalks on one side of the street and concrete curbing on grades over 5%. In exchange, the Town of Milford gained seven streets, resurfaced with 2½ inches of compacted bituminous concrete; these roads were previously oiled. Four streets have been resurfaced thus far

and the remainder will be completed in the Spring of 1967. Those curbs of concrete that have been eliminated will be replaced with a bituminous curbing mixed with asbestos. The Planning Board feels justified in making this decision because it will bring about a savings in the future of several thousand dollars.

In addition to carrying out its subdivision control and zoning review duties, the Planning Board has been actively involved during the past year in working with other departments towards common community goals. For example, meetings have been held with the Housing Authority concerning a site for the new Housing for the Elderly, with the Conservation Commission, Park Commission, Selectmen, and others concerning coordinated efforts in the acquisition of recreational and conservation areas, with the Finance Commission concerning a Capital Improvement Program, and with the Redevelopment Authority concerning the Workable Program. It is anticipated that joint efforts in these and other directions will continue during the coming year.

The Subdivision Regulations have been retyped and reproduced to incorporate extensive revisions adopted in 1965. The Town's base maps have been revised to reflect new subdivisions since 1963, and the Zoning Map is in process of being redrafted to show those new streets and zoning changes adopted in the past year.

The new Zoning By-Law has been in effect for over a year, with few problems encountered as a result of the change. Revisions proposed for adoption in 1967 are only items desired originally but for one reason or another not possible in 1965. The overwhelming vote in favor of adoption of the revised By-Law and the success of its application over the past year, both suggest the importance of upholding the integrity of intent of the 1965 town meeting vote. To this end, all requests for zoning change are carefully reviewed in the field by both the Planning Board and their consultant, with the result that some requests are disposed of without town meeting action. The Building Inspector and Town Counsel have helped by reviewing any difficult zoning decisions with the Planning Board's consultant before taking action. The Planning Board now receives notice of all Zoning Board of Appeals hearings, considers each case, and often appears before that Board to state the Planning Board position. Better understanding between the Board of Appeals and the Planning Board is clearly needed, as evidenced by their sharp divergence of judgement on a number of cases of critical importance during the past year.

Report of the Milford Redevelopment Authority

To the Honorable Board of Selectmen
and Citizens of the Town of Milford:

The Milford Redevelopment Authority held regular monthly meetings during the year at the Planning Board's office at 126 Main Street.

The Redevelopment Authority engaged the services of the Planning Services Group to prepare a Workable Program and an Application for Survey and Planning funds. The Workable

Program and Survey and Planning Application were prepared, approved by the Selectmen and submitted to the Department of Housing and Urban Development where they were accepted and certified by the New York officials of H. U. D.

A trip was made to the N.Y. offices of H. U. D. by Selectman Bertonazzi, Town Counsel DeCapua and members of the Authority to hasten the approval of our application.

At present we are waiting for the availability of funds so that our request may be acted upon. We are also working on our recertification of our Workable Program.

The Redevelopment Authority wishes to express its appreciation and thanks to the many town officials who have given us their cooperation and help in helping us to attain our goals for 1966.

Respectfully,
JOSEPH G. MORO, Chairman

Report of the Animal Inspector

Board of Selectmen
Milford Town Hall
Milford, Massachusetts

Gentlemen:

I hereby submit my report as Animal Inspector for the Town of Milford for the year ending December 31, 1966.

There were 26 cases of dogs investigated and quarantined for having bitten people, however, no sign of Rabies was reported in any of the cases.

As required for the Commonwealth of Massachusetts and in accordance with Section 19, Chapter 129 of General Laws, all barns and livestock in the town were inspected and found to be satisfactory.

In conclusion I wish to thank the Board of Health and the citizens of Milford for their cooperation in 1966.

Respectfully submitted,

JOSEPH C. FABBRICOTTI, D.V.M.,

Animal Inspector

Personnel Board Report

To the Honorable Board of Selectmen
and the Citizens of Milford:

During 1966 the Board met seventeen times and all but two of these meetings were attended by heads and employees of various Town Departments.

As in 1965 the Board gave careful consideration to the many aspects that effect an individual's wages.

The Board chairman and secretary attended two meetings of the Dean Junior College Seminar on Collective Bargaining.

The Board had intended to survey several departments during 1966 but these surveys have been postponed until the collective bargaining begins.

Each member of the Board spent a considerable amount

of their private time researching wages paid in other Towns and by private firms.

The Board wishes to express its sincere thanks to all Department heads and Town employees for their assistance during 1966. The Board especially wishes to thank Town Accountant Hannigan and Town Clerk Coyne for their efforts on our behalf.

Respectfully,
JOSEPH D. BLASCIO, Chairman
JOSEPH P. NEALON, Secretary

Report of the Board of Sewer Commissioners

To the Citizens of Milford:

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewerage System for 1966.

Collecting System: In addition to the routine operation and maintenance, and response to emergency calls, the normal flushing operations were performed, and new construction was as follows:

Contract No. 66-A—Town Contract.

Highland Street—from West Fountain St. to Fordham Drive 8" A.C. sewer	2,593 ft.
Central Street—from Alden St. to summit 8" A.C. sewer	1,191 ft.
Total	<hr/> 3,784 ft.

This work was performed by Andreassi Bros., Inc., under Contract No. 66-A Cost—\$48,795.84

Assessments committed were for 7,325.47 ft. frontage and an amount of \$5,940.20.

The entire street surfaces were resurfaced in connection with this construction.

W.P.S. Construction Project: Contracts No. 65-B and 65-C.

Work under these contracts was substantially completed during the year and included the following:

A. Main Sewer Relief Line to Charles St. Station	16" 12"	748.5 ft. 283.2 ft.
Total		<hr/> 1,031.7 ft.

from a diversion chamber on the main sewer near Cemetery Street, which will divert flows in excess of the capacity of the main sewer, to the Charles St. Station.

B. Reconstruction of the Charles Street Pumping Station, with grit chamber and screen, new variable speed pumps, with automatic gas engine-generator standby auxiliary power supply.

C. New 16-inch force main from the Charles Street Station to the sewage treatment plant, a total length of 8,435 ft., consisting of 2,735 ft. of asbestos-cement pressure pipe, and

5,700 ft. of ductible iron pipe with mechanical joints, with measuring flume at discharge end at Treatment Plant.

In addition to this construction, a section of diversion sewer was constructed in Beach Street from south of the railroad crossing to East Main Street, during the construction of the new Charles River culvert, to avoid an inverted siphon. This sewer includes 650 feet of 10-inch pipe and diverts the flow from East Main Street main sewer, via Beach Street and Central Street to the Charles Street Station, thus affording some relief to the main sewer west of the railroad crossing in Main Street.

PRIVATE DEVELOPMENT

Extensions of the sewer system in a number of streets were constructed by private development without cost to the town or assessments—as follows:

Di Antonio Drive—off West Fountain St.	8"	493 ft.
Manella Avenue—extension	8"	100 ft.
Clearview Drive—Muriel Lane northerly	8"	600 ft.
Di Vittorio Drive—extension	8"	200 ft.
Sunset Drive—Hemlock to Oriole Street	8"	286 ft.
" " Willow Drive to Sunnyside	8"	225 ft.
" " Stony Brook southerly	8"	110 ft.

Total Reported	2,014 ft.
----------------	-----------

In addition construction continued in various streets in the westerly section of the Ridgewood Development off Highland Street, but these sewers have not yet been recorded nor accepted for operation.

PUMPING STATIONS

The Charles Street Station was completely rebuilt, with 2 new pumps, one with variable speed drive to match the sewage flow rate, and equipped with mechanically raked screen and grit chambers, and with automatic gas engine driven generator to provide auxiliary power in case of electric power outage.

Routine maintenance and operation was involved at the other stations.

TREATMENT PLANT

In addition to the routine operation of the treatment plant, the sewage effluent was chlorinated during the summer months as required by the State Health Department, and repair parts were installed in the final clarifier and the primary settling tanks. Repairs to the recirculating pumps will be required this next year.

Sewage flow received and treated was as follows, by months:

Report of the Board of Health

To the Honorable Board of Selectmen, and to the Citizens of Milford:

The board organized with Dr. Nicholas J. Capece as chairman of the twenty-fifth year. Mr. Joseph F. Power and Mr. Kenneth C. Evans completed the board.

The following were appointed by the board: Agent-Sanitary Inspector, Adam F. Diorio; Nurse, Alice Fitzpatrick; Physician, Dr. Thomas P. Depaolo; Dentist, Dr. Hugo A. Andreotti; Clerk, Beverly A. McCormack; Gas Inspectors, Frank J. Lancisi and Charles J. Ferrante; Meat Inspector, Philip Roy; Assistant Meat Inspector, Adam F. Diorio; Burial Agent, Robert E. McGinnis; Person to receive and report contagious disease, Adam F. Diorio.

The mosquito program was handled by the Tree Warden Joseph Graziano with the result that complaints have been minimal.

That rat program has been very successful with Arthur LeBlanc handling this program.

The open faced town dump has been converted into a sanitary land fill area. The newly created sanitary disposal committee is carrying on a fine program to make Milford's dump one of the finest and cleanest.

The demolition and renovation program has been highly successful. Since the start of the program, thirty-four buildings have been demolished and two dwellings renovated. Two garages, five barns, three commercial buildings, three sheds, and six dwellings were demolished at the request of the Board of Health in 1966.

Six day care nurseries have been inspected by the Health Agent, Fire Chief, Building Inspector and Wiring Inspector. Licenses have been issued to them for a fee of \$15.00 each per year.

Meetings have been held with the heads of the concerns abutting Cedar Swamp Pond relative to pollution by these concerns. Close watch is being conducted in this area.

Twenty-two prematures were reported to the Board of Health and the board paid for three as required by law.

The board agent made ten court appearances to have two private dumps cleaned. Two faulty disposal units were forced to enter the comon sewer. One faulty leaching area to be corrected. One home owner forced to clean trash and rubbish from his property.

Caterers were licensed by the board according to State Law. Forty-five licenses were issued to food establishments, liquor establishments, private clubs and individuals.

The agent of the board conducted seven inspections of un-registered cars at the request of the Selectmen's Office.

REPORT OF THE BURIAL AGENT

Mr. Robert E. McGinnis, the Burial Agent, reports there were 252 burial permits issued in 1966 from his office.

The members of the Health Department wish to thank the following departments for their fine cooperation and assistance during 1966: Board of Selectmen, Fire Chief and his department, Antonia Bega and the Highway Department, Mr. Noah Demattia, Building Inspector, and the Assessor's Department.

DOCTOR AND NURSES REPORT

St. Mary's and Sacred Heart Schools—Total enrollment 1,406

Spaced physical examinations were given to the students by the Board of Health physician Thomas DePaolo, M.D. Notices of any defects found, are sent home to the parents or guardians, so corrections can be made.

The Massachusetts Vision Test, and the Audiometer Hearing Test is given to the students, and notices sent home on all failures, so corrections can be made.

The Dental Clinic is held each school day morning at the Board of Health Rooms, for all students in the town, up to the sixth grade. Hugo A. Andreotti, D.M.D. is the school dentist.

Mrs. Agnes Lewis, Dental Hygienist examined the school children of St. Mary's and Sacred Heart schools. Grades one to six were examined, and slips were sent home to the students in need of care. These slips are to be signed by their dentist, and returned to the school.

Students with special health problems may be referred to any of the various clinics held in the state. Anyone needing help in contacting any of these clinics may call the Board of Health office. The names of all students with special health problems are sent to the state each year, to be sure follow-up work is being done for them.

CLINICS

Three afternoon Antigen clinics were held at the Memorial School for pre-school and other children who have never had

the required number of doses to be immunized. Three doses are needed. Booster doses are also given at these clinics to all who request them.

Sabin Oral Trivalent Vaccine was given at two polio clinics held at the Memorial School for all the new babies, and for others who have not as yet been immunized.

Three Antigen clinics held at the Memorial School for all students in the first grades, sixth grades, and for the Juniors in the high schools. Booster doses were given to all students who had request slips signed by their parents or guardians. Three doses were given to some students who had not been immunized as a baby.

A Vaccination Clinic was held at the Memorial School for pre-school children, and for others who requested it.

A Measles Clinic was held at the Memorial School for children nine months up to five years of age. This vaccine is given to children who have never had measles, or measles vaccine.

The attending physician at these clinics is Thomas P. DePaloa, M.D. the Board of Health physician.

A Chest x-ray clinic is held at the Milford Hospital the second Wednesday of each month excepting the months of December and July. Time 3-5 P.M. Patients must be referred to this clinic by their family physician. Appointments can be made by calling the Board of Health office.

Report of the Police Department

The Honorable Board of Selectmen

Town Hall

Milford, Massachusetts

Gentlemen:

It is my pleasure to submit the following report of arrests and other duties performed by the Milford Police Department during 1966.

Sgt. John J. McGrath, Director of the Auxiliary Police has continued the fine progress with this unit for the year 1966. They are a most essential unit in an emergency, for without their assistance the department would be sorely taxed.

Your Department has continued the policy of sending men to the various Police Schools, with Officers E. F. Spindel Jr. and Arthur P. Richards completing a Six week course at the State Police Academy at Framingham, Mass.

I take this opportunity to thank the Board of Selectmen and all other Town Departments for their cooperation during the past year.

Respectfully Submitted,
WILLIAM F. FITZPATRICK
Chief of Police

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The School Committee and Citizens of the Town of Milford:

Herewith I submit respectfully the eighty-eighth annual report of the School Department and my twentieth as Superintendent of Schools.

The year 1966 was certainly an eventful one from the point of view of personnel and program. In the area of personnel we had some unusual changes in that Mr. Joseph J. Tosches, after many years of outstanding service as Principal of the Milford High School, requested that he be relieved of these duties and reassigned within the department because of personal reasons, chiefly related to health. Consequently, Mr. Tosches was relieved as Principal of Milford High School, and

was appointed as Administrative Assistant and as a teacher of mathematics. In his capacity as an administrative assistant, he will devote his energies to research in computerization and data processing, particularly in view of what the future holds in these fields when a new high school building is occupied.

As a successor to Mr. Tosches as Principal of the High School, our system was extremely fortunate to be able to replace Mr. Tosches with Mr. Paul F. Raftery, formerly Principal for many years at the Stacy Junior High School.

Mr. Raftery has undertaken his new duties and is carrying them out in an outstanding manner so that the administration and supervision of the school has been enhanced.

Again, our system provided a highly capable individual as Mr. Raftery's replacement, in the person of Mr. Ronald P. Longobardi, an enthusiastic and talented young man who had served in the Stacy School as both a teacher and as a guidance counselor.

I feel urged to report that our department was especially fortunate to be able to fill these key positions with such excellent personnel with a minimum of difficulty.

For the first time this department has been confronted with the provisions of Chapter 763 which provides for collective bargaining or collective negotiating between personnel and the School Committee. This legislation is in operation and there are two groups in general which have been organized; namely, the teaching personnel and the non-teaching personnel. The significance of this legislation is definitely a departure from previous procedure, in that it is now mandatory that the School Committee sit with representatives of the personnel groups and negotiate such items as salaries, hours of work, and other conditions of employment.

Several meetings have taken place involving the School Committee and each of the other groups and it is hoped that settlements will be arrived at which are mutually agreeable and satisfactory.

In the matter of programs, the year 1966 found the Milford School Department participating in several programs emanating from legislation enacted by Congress in very recent years. The first of these programs was the so-called Vocational Act (Public Law 88-210) which enabled the Commercial Department of Milford High School to institute an offering of Data Processing to certain students. Funds were obtained which enabled our department to lease certain expensive and valuable equipment with which students may be trained in some of the basic skills

of data processing. This program has been in operation since September and our plan is not only to continue the program, but to expand it under the same legislation and to broaden the offerings to our students.

Under Title III of the National Defense Education Act (Public Law 85-864) materials were obtained which allowed us to conduct an in-service training program for teachers so that we were able to inaugurate a developmental reading program in Grade 9 at the Milford High School. Again, it is our plan to continue and to enlarge upon this program so that a larger number of students may be exposed and their reading ability enhanced.

All of the schools in the community benefited by participating in another phase of the Elementary Secondary Education Act, specifically labeled, Title II. This legislation provided free to several schools an allocation of library materials including books, films, film strips, records, etc. The value of the library material received under this act by the public schools of Milford during 1966 was \$4,451.04.

The parochial schools of the town also participated in this program as well. We were happy to report that we shall continue to participate in this arrangement for the next four years.

A fourth program originating with federal legislation was conducted during the summer of 1966 for various students in our community. This program was made possible through the provisions of the Elementary Secondary Education Act (Public Law 89-10) Title I. It involved 336 pupils and 35 teachers and an expenditure of \$47,015.00. In the main this program was beamed at pupils who were academically disadvantaged, and it gave them the opportunity to catch up, or to improve themselves in various fields. The program was a three-pronged affair involving reading in grade 3 to 8, mathematics in grades 6 to 8, and at the high school level English, mathematics, social studies and commercial subjects were covered. Once again it is planned to continue this program during the summer of 1967.

For the second summer the facilities of the department were used by Operation Head Start in cooperation with the Office of Economic Opportunity. Pre-school children participated in this activity and it is planned to continue this program during the summer of 1967.

In addition to the programs stemming from the federal government, our own personnel are constantly engaged in the study, evaluation, and criticism of our own curriculum offer-

ing. This is being done especially in view of the fact that a proper and modern course of studies should be available to our students as they enter the new high school. I congratulate and thank all of the personnel involved in these studies, so vital to the education of all of our children.

In consideration of plant requirements, we continue to feel more and more critically the need for additional space at all levels of our system. This is true not only at the high school level, but at the junior high and at the elementary levels as well. I regret to report that we are now using cafeteria space for study hall purposes and this year we find that it has also been necessary to use the balcony of the Lynch Auditorium for study hall purposes.

When classes resumed in September, 1966, we found that the overall enrollment had increased 109, from 2519 to 2628 pupils.

This increase in enrollment as well as anticipated increases pose a critical housing situation to the extent that I have recommended to the School Committee the purchase of two so-called relocatable classroom units to house an additional sixty pupils.

Memorial School is overcrowded at the moment and with new families moving into Milford, it is certain that we will continue to receive more and more pupils seeking admission to our schools. The purchase and use of two relocatable classrooms would provide a temporary solution to this condition of overcrowded classrooms at least until a new high school is available and more classroom space is provided throughout the entire system.

In spite of the many innovations and difficulties which have confronted people in the department, I wish to express my sincere appreciation to all, especially the members of the School Board for their cooperation, assistance, and help. I am sure that the continued cooperation of each and every person in the department will insure better things in our schools for the children of our community in the future.

Report of the Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I submit my report as Sealer of Weights and Measures for the year ending December 31, 1966.

I notified in compliance with the provisions of Section 41, Chapter 98 of the General Laws of Massachusetts, as amended, giving notice to all persons, that all scales, pumps, and measuring devices for the purpose of buying and selling goods, wares, and merchandise to be brought in, and these devices to be tested, adjusted and sealed. I then inspected all places of business in the Town of Milford.

There were approximately 530 measuring devices tested, adjusted, sealed or condemned. Sealing fees were \$551.20, which were turned over to the Town Treasurer.

Milford Conservation Commission Report, 1966

To the Honorable Board of Selectmen
and to the Citizens of Milford:

The Commission held regular monthly meetings throughout the year.

In April the dike at Parkers Pond was repaired by the Highway Department at the request of the Commission. Since the dam at Parkers Pond cannot cope with heavy storms or sudden increases in water the Commission requested a preliminary study. The Selectmen contacted the Department of Public Works and Asst. Civil Engineer John Piaseczny viewed the site with local officials and members of the Commission. Programs available for funding of improvements were suggested.

In November, the Highway Department, on request of the Commission, placed a new screen at Parkers Pond dam. The Commission is planning to have the Town Forest area surrounding Parkers Pond surveyed early in 1967 with a view toward improving and developing that area.

The Mass. Division of Fisheries and Game conducted tests at Cedar Swamp Pond in April to determine the cause of a reported fish-kill. In report to the Commission it was stated that a reduction of oxygen due to excessive organic matter at the bottom of the Pond probably resulted in the loss of fish.

The Mass. Wildlife Federation conducted a state-wide Water Pollution Clean-Up Program in May. Under the guidance of the Commission the Boy Scouts of Milford Troop 6 removed substantial debris from the dam at North Pond and from Parkers and Craddock-Clewes Ponds.

In October the Commission met with the Planning Board and other Town boards and officials to discuss the Mass. "Open Space" Program. More interdepartmental meetings are planned for the coming year.

During the year the Commission joined the Mass. Association of Conservation Commissions and the Charles River Watershed Association.

The Commission wishes to thank all Town officials and

boards and especially the Selectmen, Town Counsel and Highway Department for their cooperation and assistance.

Respectfully submitted,

SUPERINTENDENT'S REPORT

Board of Public Welfare
Town Hall
Milford, Massachusetts

Gentlemen:

I respectfully submit the following report for the year 1966.

During the year 1966, the Milford Public Medical Home has operated efficiently and with a full quota of patients, plus new additions and major improvements of which most have been completed.

We have added a new living room complete with furniture. A new electrical system has been added and which will be completed in a few weeks. Plus a new sprinkler system has been completed. We are also very fortunate to have had a new fire box and alarm system installed to the building for the safety and added protection of our patients.

All the above improvements and renovations comply with the State Department of Public Health.

I would like to take this opportunity to extend my appreciation to the Milford Fire Department for their new alarm and also Mr. Harold Calabrese for the donation of a television set for our new living room and which completes the leisure activities for our patients.

I also would like to take this opportunity to thank my entire staff for their grand cooperation extended me throughout the year and to extend my sincere appreciation to Mr. James L. Ahearn and his entire staff and also the members of the Board of Public Welfare for their kind support throughout the year.

Very truly yours
EMILIO A. PIGHETTI, Supt.

Welfare Physician's Report

Board of Public Welfare

Town Hall

Milford, Massachusetts

Gentlemen:

I respectfully wish to submit the following report on my activities as Town Physician for the period from January through December 1966.

During the past year, I have treated patients on General Welfare in the various rest homes in town, in their homes, and in my office.

Throughout the year, I made an average of six calls weekly to the Milford Medical Home, which during 1966, was filled to capacity. The Medical Home continues to fulfill an urgent need for the elderly of our community who require nursing home care.

In this connection, I am very pleased to report that through the cooperation of the entire staff and of visiting physicians and the many improvements to the physical plant, the Medical Home has been operated with a maximum of efficiency. The patients have received the best possible care. I am deeply grateful to the nursing staff and the other personnel who have done their work with enthusiasm and devotion, which is attested to by the fact that the majority of the nurses now on duty have been part of the personnel for many years.

I wish also to express my appreciation for the pleasant relations and cooperation extended to me by Mr. James L. Ahearn, Mr. Emilio Pighetti, the members of the Welfare Board and the staff of the Welfare Department.

Very truly yours,

C S. NOSSIFF, M.D.

Respectfully submitted.

CHARLES H. RIZOLI, Bd. Chairman

WILLIAM DUGAN, Bd. Member

JOSEPH BIANCHI, Jr., Br. Member

JAMES L. AHEARN, Director of Public Assistance

Town Accountant's Report

To the Honorable Board of Selectmen:

Herewith I submit my Annual Report of the financial transactions of the Town of Milford for the year ending December 31, 1966.

Included is the usual Balance Sheet, a detailed report of the Receipts from all sources of income, a detailed report of the Expenditures of each Department and Account, a Recapitulation Schedule showing Appropriations, Receipts and Transfers, Expenditures and Balance and also the estimated cost to run the various departments as submitted by them for the coming year. Also included is a Debt Schedule showing the Outstanding Debt and Maturing by years.

I wish at this time to thank all the Departments for their cooperation during the past year.

Respectfully submitted,

Michael J. Hannigan

Town Accountant

Annual Report of the Board of Selectmen

To the Citizens of Milford:

Following the annual town election, the Board of Selectmen was organized on March 9, 1966. Throughout the entire fiscal year the Board continued to approve licenses and permits authorized by the General Laws and delegated to the Selectmen. Every effort was made to treat everyone equally and fairly and to administer the granted powers of the Selectmen within the best interests of the Town of Milford.

The annual Town Meeting was called and conducted in the traditional spirit. Among the highlights of the annual meeting was the Town's vote to purchase the former postoffice and convert it to a modern police station. This move, coupled with the construction of a new Courthouse, will give an additional amount of space for the town's administrative offices. Within the year we should have available plans for relocating offices in the newly available space. The Town Meeting also voted to study acquisition of the Milford Water Company. We realize the critical need of water supply and we hope this action will lead to a formidable solution of water supply for the remaining years of this century. This study should complement the Board's present work in negotiating an amicable agreement over the use and development of the Town's water supply on Clark's Island. Very shortly, the board will have an announcement concerning this agreement.

Ever mindful of the plaguing problem of traffic congestion on our public ways, the Board requested the Town Meeting to appropriate funds for a traffic survey. Although the Board did not oppose attempts to acquire additional parking, it felt that the traffic survey should first be made and then a final recommendation sought. Each year the Town Meeting accepts many new public ways, especially with the building program of private residential developments. The Selectmen are aware of this problem and have requested funds for Chapter 90 construction, widening of Supple Square while the flood control project is being constructed there. The Board attempts to keep an orderly method of street pole locations through public hearings from time to time.

The Main Street and the immediate business area was given considerable attention during our term. We have endorsed a workable program for urban renewal in the downtown area and the Board is now awaiting funds since the final approval of the plan by federal officials. In addition to the traf-

fic survey of the downtown area for study of flow of traffic and parking facilities, the Selectmen devised a temporary holiday parking program, the first of its kind. Private merchants kindly assisted the downtown area by permitting their private lots to be available to the public. For this we are most grateful to these responsible merchants.

The Board had pledged their united support to take positive action on a vexing problem—a disposal area. For many years, our town had permitted open face dumping and burning as an expedient method. Faced with the law which prohibits this activity, and realizing the sanitary menace, the Board called a Special Town Meeting for a discontinuance of the old method and by establishing a commission for sanitary landfill. We are mindful of the costs—but it must be faced. A commission was created and given the powers to administer and regulate the new program. The program has been inaugurated and we hope it is given an opportunity to prove itself.

Two other achievements during the year are worthy of mention in our annual report. We realize that the source of operation revenues for our Town's existence is the real estate owner. The Town will very shortly have a complete remapping of the Town and the assessor's will be properly equipped to do a modern job. This remapping coupled with our active endorsement of the Building Code and the new Zoning Code by the building inspector will be tremendous aids to an increased revenue. Now that we have a sales tax program we feel that the additional revenue will help to alleviate the homeowner's burden and spread the tax base.

Our surveys of the number of lots in subdivisions reveal that many areas in the Town could soon be developed. We realize that a residential building boom could cause increased demands on our municipal services. Within the year a State swimming pool will be built in Milford. There is a school building committee which has its hand on the pulse of the school population and will soon make a recommendation for additional facilities. Additional power lines have been brought to Milford and during the year the Algonquin Gas constructed a new relay station because of the increased consumer demand. All the departments within our town are bracing themselves and making every effort to stay abreast, if not ahead, of any serious problems. We would like to congratulate the Planning Board for their alertness, the Conservation Commission for their recommendations, to name a few.

Finally, our Personnel Board has made diligent efforts and noteworthy achievements in administering the personnel and wage plan for the town employees. This year saw the pas-

sage of legislation of the new collective bargaining law for municipal employees. We feel that the salaries and wages paid are properly administered and that all requests are being thoughtfully and considerably treated. Every effort is being made to pay standard wages so that we may attract and keep competent employees. This is our ultimate desire.

Because of the limitations of this report, we cannot enumerate every detail of our administration; we merely attempt to bring the highlights and important matters in review. We wish to thank our Executive Secretary, the Town Counsel and all the officials of the Town, the Departments and municipal employees who helped make this year a pleasant one by working in harmony with the Board of Selectmen.

Town Counsel's Report

To the Honorable Board of Selectmen:

I hereby submit a report of my activities and the Law Department of the Town of Milford for the year 1966.

At the end of the year 1966 there are pending against the Town twenty-one (21) claims and suits for personal injuries as a result of defective ways, of which ten (10) are pending in Court. There is one (1) claim against the Town for property damage as a result of an alleged sewer defect; three (3) claims against the Town for property damage to automobiles as a result of operation of Town owned and operated vehicles; one (1) claim against the Town for recovery of welfare assistance. In addition there are five (5) land damage claims against the Town as a result of land takings for the widening of Highland Street under Chapter 90 construction. These cases are now on the trial list in the Worcester Superior Court awaiting call for trial. The Town Counsel will continue to make every effort to dispose of these claims and suits.

During the year 1966, the following claims were settled and paid. Many other claims were disposed of as a result of mutual cooperation between the claimants and the Town's appropriate department.

The following is a breakdown of the Account:

During the year the Town was engaged in bringing a variety of lawsuits—claims for property damage to Town owned property; Zoning cases in the Superior Court, complaints for Zoning violations; and suits to recover aid granted by the welfare board.

I continued to render legal opinions and advice to the Board of Selectmen and all the departments of the Town requesting them. I attended meetings of the Board of Selectmen and other departments of the Town. Once again, I maintained an active membership in the City Solicitors and Town Counsel Associations and I attended meetings in Boston at my own expense. In addition to Court appearances, trials, filing of pleadings, preparation of instruments, the office of the Town Counsel was active and busy on behalf of the Board of Selectmen.

Since the adoption of the new Building Code and a comprehensive revision of the Zoning Code, I was active and busy coordinating the codes and enforcement and interpretation with the new Building Inspector. The Town has made a giant step in the orderly progress and growth of the Town and enforcement of the codes will be an asset to the Town.

The Law Department was busy in continuing many carried-over activities of tax title foreclosures; recording and checking planning board covenants; counsel to the Milford Redevelopment Authority, including a trip to New York at my own expense; recording sewer liens; working with Board of

Health and their agent; contact with D.P.W. AND CONTRAC-TOR on phase II of the Milford Flood Control; attendance at hearings concerning public transportation in Milford; assisting the departments in their continued war on dilapidated build-ings; filing Trustee's answers for the Town of Milford; prep-eration of Town articles for the annual Town Meetings; and preparing specifications and contracts.

Several other projects demanded a considerable amount of time: the Town's continued negotiations with the privately-own Milford Water Company; the acquisition of the Milford Post Office for the new police station; and the preparation of all the work in the eminent domain procedures concerning the taking of land for school buildings. These projects were time consuming and required travel, investigation, conferences and research. Also, during the year the Town accepted partial payments of land taken by the state in the laying out of Route 495. There were many other matters of concern to the Law Department in which I was actively engaged but too numerous to mention in detail.
